

I am writing on behalf of K-love radio because of thier alert that some LPFM stations may be taking priority over some FM translators. I am concerned about the translator service in my area, Fairbanks Alaska, because I love K-love radio. I generally would not listen to the radio at all, until I found K-love on 88.5 FM. I immediately became a supporter because K-love serves me as a christian with healthy radio, and I often find new songs that I want to do in my local church from thier selection, and artists that I really enjoy.

On our local community, I know many people that would be dissappointed if K-lover were to go off the air. I definitely would hear about it from my friends.

The service provided by K-love is in the public interest because there are many families that really enjoy the friendly programming and contemporary faith-based music that they provide, that is not readily available up here in Alaska. The only alternative is rock, country, oldies, talk radio or pop culture, some of which's lyrics are filthy and degrading, or sad, or of no interest or taste to me or my family. I know that hundreds of thousands of people listen to K-love, and really appreciate thier gift of love and the message that they spread on the air-waves.

Please reconsider your decision to lower the priority of FM programming.
